

CV: Priit Tamboom

Summary

I have been using ruby full time since 2006 and care about clear maintainable code written with principles such as agile, dry, mvc and test/behavior driven development.

I have successfully worked in very different culture environments such as in Shanghai, Barcelona and back home in Tallinn.

Please visit <http://priit.mx.ee/about> for more technical overview about tools and techniques what I love to use.

Personal information

Place of Birth: Tallinn, Estonia

Nationality: Estonian

Marital status: common law

Date of birth: 30.12.1978
